

## IWQ 14-09

# Brookhaven Parks and Recreation Site Amenities Questions Addendum

1. Is this bid for one time purchase or over a year contract? *Multiple Purchases*
2. On the park benches and Waste receptacles you have options 1, 2, and 3. Are you asking for pricing on each option or are the options there in case one supplier does not have one or the other of the options. *Requesting pricing for each option*
3. Will there only be one vendor awarded the bid? I ask because if the amenities are split up to more than one vendor it will effect discount pricing and freight charges. *Multiple vendors may be selected. This will be based on the amenity offered and price.*
4. Where are the site furnishings to be shipped to? Need this for shipping cost. *We plan to have them shipped and housed at Murphey Candler Park Pool*
5. On the quote for install, do you want install quotes for each line item, again this will effect if one vendor will be awarded. *Please price install per item. Exact installation information will be provided to vendor upon selection.*
6. In the quote documents it does not say how many copies that your are requiring and also where the quotes should be sent to. *Written quotes shall be returned by email only to purchasing@brookhavenga.gov by Thursday, November 13th at 2:00pm. Submissions should not exceed ten (10) pages, and should be in .pdf format.*
7. Do any of these items need to meet any specific city of Brookhaven specs and/or codes or is this quote for what we propose for the area? *The amenities quoted need to meet specifications defined in bid document.*
8. Exhibit 1 shows a quantity of 40 benches and the bid sheet shows 50. Can you please clarify? *The correct quantity is 50.*
9. Same with the Trash receptacles the exhibit shows a quantity of 50 where the bid sheet shows 60. *The correct quantity is 50*
10. Same with the Recycling receptacle the exhibit shows a quantity of 20 where the bid sheet shows 30. *The correct quantity is 30*
11. So it's hard to put a freight cost on this because we don't know how many are going to be ordered. From the park benches will you be ordering 50 total form the three options? Or 150? *Only one option will be selected per site amenity. The number of amenities is defined.*
12. Is this an all or nothing project? *No, multiple vendors may be selected.*
13. We are assuming that benches, swings, etc. will be on a concrete pad, is that something that we would need to provide? *As indicated please provide optional installation price. This is correct though. Benches and swings will need a pad to be installed on or within.*
14. Would horizontal slat seats constructed of ½" x 2" aluminum tubing and bench legs constructed of 319 aluminum casting be accepted? *No, we are currently interested in vertical slat benches.*

15. Could you please confirm and explain what is supposed to have the Lifetime Warranty?  
*Please see addendum and the updated information regarding warranties.*
16. On the PARK BENCHES, it does not specify 6' or 8' length, or in-ground or surface mount. Is there a size and installation style preference? *6' length, surface mount*
17. On the PICNIC TABLES, it does not specify 6' or 8' length, or in-ground or bolted-portable. Is there a size and installation style preference? *Regular Tables = 10' length/ ADA Tables = 8' length.*
18. Are we able to add more options to cover differing sizes and style? *No*
19. Is the cost of shipping to be calculated for the whole order and included in the initial cost of each item, or can freight be calculated and added later, when the order is placed?  
*Please provide shipping cost for entire order.*
